WARRANT FOR THE ANNUAL TOWN MEETING

State of New Hampshire

(L.S.)
To the Inhabitants of the Town of Canterbury in the County of Merrimack in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said Canterbury on Tuesday, the fourteenth day of March next at ten of the clock in the forenoon to act upon the following subjects:
(Polls open from 10:00 a. m. to 6:30 p. m.)

1. To choose all necessary Town Officers for the year ensuing. Meet at eight of the clock in the evening to act on the rest of the articles in the Warrant.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will vote to give the Selectmen authority to borrow money in anticipation of taxes.

4. To see if the town will authorize the Board of Selectmen to sell, lease or otherwise transfer real estate property acquired by the town by Tax Collector's deed in a manner for the best interest of the town.

5. To see if the town will raise and appropriate the sum of $2,500.00 to be placed in the Capital Reserve Fund for the purchase of new highway department equipment.

6. To see if the town will raise and appropriate the sum of $2,000.00 to be placed in the Capital Reserve Fund for the purchase of a new truck for the

highway department.

7. To see if the town will raise and appropriate the sum of $1,500.00 to be placed in the Capital Reserve Fund for the purchase of a new truck for the Fire Department.

8. To see if the town will vote to raise and appropriate the sum of $1,500.00 for the purchase of a snow plow and wing for the highway department.

9. To see if the town will vote to adopte the following changes in the towns zoning ordinance as recommended by the Planning Board:

Article 1, Section 1

Amend the third paragraph by substituting the words "three hundred feet" for the words "1000 feet". The third paragraph as amended would read:

"Zone B shall comprise the Seasonal or Recreational Zone, which shall include all land within three hundred feet of the shore of Rocky Pond, Forest Pond, Lyford Pond and Clough Pond or any body of water covering more than 10 acres. Any property within three hundred feet of a public right of way and also within three hundred feet of these ponds shall be considered to be in Zone B".

Article 11, Section 2

Amend the first sentence by striking out the words " or structure intended for use as a dwelling" and substituting therefor the words "Trailer or mobile home". The amended Section would then read: "No building, trailer, or mobile home shall be erected or moved to a new location, and no such existing structure shall be enlarged without first obtaining a permit conforming to the terms of this ordinance, duly granted by the administrative authority, to whom adequate information and plans of the proposed building structure or alteration shall be submitted".

Article 11, Section 7

Amend Section 7 by deleting it in its entirety and substituting therefor the following:

"Section 7. Fees for permits issued for the placement, erection or alteration of buildings, mobile homes or trailers, shall be based on the total of square feet of floor space indicated in the building plan submitted with the permit application. Fees shall be computed at ten dollars ($10.00) for the first one thousand square feet of floor space ,or fraction thereof, (plus one dollar (1,00) for each additional one hundred square feet of floor space, or major fraction thereof".

Article 11, Section 8

Amend Section 8 by deleting it in its entirety and substituting therefor the following:

"The Board of Selectmen, as the administrative authority, may appoint annually an agent to assist it in investigating applications for permits or enforcing the terms of this ordinance. The Board of Selectmen shall establish the salary of such agent to be paid solely from funds received as building permit fees. It shall specify the duties and responsibilities of such agent and it may, on a majority vote, discharge such agent and appoint another person as agent. It shall be the responsibility of the applicant for a building permit and the builder, whose name shall appear on the permit, to construct the building in accordance with the submitted plans and information for which the permit was granted. No agent of the administrative authority shall have the power to grant or permit variances from such plans without specific approval of the administrative authority".

Article 11, Section 9

Amend Section 9 by deleting it in its entirety and substituting therefor the following:

"A building permit will be valid for a period of one year and may be extended for a second period of one year, for an additional fee of $5,00, if in the judgement of the administrative authority additional time is required to complete the building. (See Article XII, Section 5, for definition of a completed building as applicable to this code.) Nothing in this ordinance shall prevent a property owner from being the builder or prevent the property owner and his family from living in the structure during construction even though the building does not conform to all building regulations prior to completion, except those regulations pertaining to septic tanks and sewage."

Article III, Section 2 (as previously amended)

Delete from the first sentence the words "for each building requiring a building permit." Add in lieu thereof another sentence: "One house lot shall be required for each domicile, mobile home, or trailer." Section 2 as amended will then read: "House lots shall include at least one acre of land with at least 150 feet frontage on a right of way. One 'house lot' shall be required for each domicile, mobile home, or trailer."

Article V, Section 2. Amend Article V by rescinding Section 2 in its entirety.

Article IX, Section 3

Amend by changing the word "three", in next to the last line, to "one". The section as amended would read: "Any non-conforming building barred from furthere use under Article IX, Section 1, may be made to conform if a building permit is issued by the Administrative Authority for the necessary building alterations and such alterations are completed within one year from the date of issuance of the permit."

Article X, Section 1

Amend Section 1 by adding after the last word of the second line ("Selectmen") the words "or their duly authorized agent." Section 1, as amended,would read: "Upon any well-founded information that this ordinance is being violated, the Selectmen, or their duly authorized agent, shall notify the person, or persons, responsible, of such violation and if the violation is not corrected within thirty (30) days thereafter, the Selectmen shall take immediate steps to enforce the provisions of this ordinance."

Article XII (Definitions)

Add Section 5 to read as follows:

"Completed building" shall mean a building which conforms to this ordinance in respect to foundation, framing, outside walls, roof, chimney and sewage.

Add Section 6 to read as follows:

Mobile home shall mean a domicile manufactured on a trailer frame and provided with two or more wheels to provide mobility to an over the width and/or over the length trailer, intended for use as a dwelling and semi-permanent emplacement.

Add Section 7:

A trailer shall mean a mobile living accomodation intended to be hauled from place to place, and which falls in the maximum width and length authorized for towed vehicles.

Add Section 8:

A domicile is defined as a dwelling house.

10. To see if the town will vote to raise and appropriate the sum of one dollar ($1.00) for the purchase of the so called Center School, and purchase

same at such time as the School Board wished to sell, the building then to be maintained by the town and used as a town museum, to be known as "The Elizabeth F. Houser Museum. By petition.

11. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this February 17, 1967.

ELKINS PUBLIC LIBRARY

Trustees' Report

The installation of a septic tank was the most important undertaking of the Elkins Public Library this year. Water table problems prevented sinking the tank at a level so a basement lavatory could be installed. The trustees are using funds made from book sales at last year's fair for the installation of an upstairs lavatory.

The Friends of the Library, under the direction of Mrs. John Hugron, have continued to contribute long hours to sundries duties about the library, such as filing cards, manning the circulation desk, etc.

The library would welcome additional income from wills or bequests in memory of a loved one.

The backlog of cataloguing has been attacked and reduced significantly.

The young people are using the library more than ever, especially for reference work.

Our reference collection has been enhanced, mainly through a $100.00 grant from the state.

The help of the Friends of the Library is greatly appreciated. Your librarian has been more aware than ever of the work they do during this last year, when she was on a month's leave of absence. Special recognition should be given to Mrs. John Hugron and Mrs. Douglas Ruesswick for the many extra hours they have given.

REPORT OF THE CANTERBURY VOLUNTEER FIRE DEPARTMENT, INC.

New equipment acquired by the department in 1966 was four resuscitators purchased jointly by the Fire Dept. Auxiliary and the Town. A2½" clappers siamese was also purchased with town appropriated funds.

The Fire Department made 25 runs during the years.

3-Car	2-Mutual Aid
1-Boat	5-False Alarms
4-Chimmey	2-Buildings
3-Brush	1-Wetting down dump
3-Grass	1-No permit

I listed car fires first because they have become the largest financial loss for the past two years. Constant turnpike speed and a lack of adequate equipment or not checking the instruments carefully and often enough have been the causes of these losses.

The rain came often through the year and held the fire hazard down so that approximately 1½ acres of grass and woodland were burned over.

ROBERT V. LEE, Fire Chief,
Forest Fire Warden

CANTERBURY CIVIL DEFENSE

Progress report for 1966 program, I believe, has been satisfactory. The electrical panel for the emergency power supply has been installed in the town shed, with the portable generator. The town shed should be under emergency power supply by March of 1967, the town hall or another unit by the end of 1967. Anyone interested, to inspect the progress, is welcome.

This year there have been several test alerts made by the State Civil Defense Headquarters. They have all been received through the Red Phone Network at Peterson's Store and at a private residence where the Net is covered 24 hours a day. In case of a National, State, or Local Emergency this is our main and sometimes our only means of fast communications to coming emergencies or existing emergencies.

A source of Auxiliary Power must be available in case of a power failure or national emergency such as a Nuclear Detonation, whether by accident or intentional. In order to be prepared we must think ahead in minutes. At the present time, from alert time to disaster could be as short as thirty minutes. Without fast communications, such as telephone, radio, fire siren, verbal contacts, or other means, we could as a town be obliterated. Let's give it some thought. For further information you may contact your C. D. Director.

LAWRENCE G. CARBONNEAU,
Director Civil Defense

REPORT OF TOWN AUDITORS

We have examined the records of Town Treasurer, Town Clerk, Tax Collector, Trustees of Trust Funds, Road Agent, Elkins Public Library, Canterbury Volunteer Fire Department and the Selectmen for the year ended December 31,1966 and have found their accounts correctly cast and properly vouched.

CEMETERY COMMITTEE REPORT

During the past year we were able to take the initial steps in the developement of the new cemetery area. The entire area south of the original Maple Grove Cemetery was cleared of brush and graded. An improved exit from the existing cemetery thru the new section was constructed and tarred. The entrance was widened, the old granite post reset and the entrance road graveled and tarred.

In the spring the new area will be seeded and lots will be laid out. The main project for the coming year should be the fencing of the south boundary as required by law.

We are still hampered by lack of manpower to maintain the cemeteries in top conditon. This could be a profitable summer job for a young man but so far we have been unable to find a candidate for the job.

We appreciate the cooperation given to us by Mr. Stone of the Highway Dept., the cost of the work done was less than anticipated.

May we urge all those who have occasion to be in the various cemeteries to use extreme caution near the slate and marble slab markers. These are very easily broken and expensive to replace. Climbing on the stones and throwing rocks and bottles at them means large replacement bills and thereby higher taxes to say nothing of the possibility of being crushed by a tipped stone.

REPORT OF PLANNING BOARD

The Planning Board during the past year has concerned itself with several projects, some of which have been completed, others of which have not. In all cases, the Planning Board has sought to search out and to recommend that action which it believes to be in the best interest of the Town. In some cases the decisions have not been unanimous, but the final decision has always been in accord with the opinion of the majority. These are the opinions reflected in the recommendations of the Board.

1. Prepared a road map of the Town showing the names selected for each road. This map has been turned over to the Selectmen in order that road names may be posted as voted by the town at a previous town meeting.

2. Prepared a map & plan for recommended use of Sam Lake property as a recreational area. This accompanying map has not been finialized, but should be ready to present to the town meeting next year.

3. Met with the Chief of the Fire Department and discussed with him his requirements for additional space. Made a concurrent study of the needs of the Road Agent, the storage capacity of the town garage and other available facilities which could give relief in this area. As a result the Planning Board recommends that the vacant Center School House be converted to a garage for the storage of school buses.

4. The Planning Board has concerned itself with providing a source of water at the Industrial site. We are at present working with the U.S.Soil Conservation Office to determine the feasibility of such an undertaking. We will have no recommendation on this project immediately.

5. The Planning Board has prepared and there have been included in the Warrant of the Town meeting, certain proposed amendments to our Building and Zoning Ordinance, which we feel are necessary to protect the property values of our townspeople, and to strengthen the Ordinance itself. We recommend the passage of these proposed amendments.

6. In keeping with the expressed wish of the 1966 townmeeting, the Planning Board has prepared, and after Public Hearing, filed with the Register of Deeds, subdivision regulations governing the subdivision of land in the town of Canterbury. We recommend that these subdivision regulations and the amended Building-Zoning Code Ordinance be printed in one booklet, and be made available to the citizens and any prospective citizen of the Town of Canterbury.

REPORT OF THE CANTERBURY FUND

The Canterbury Fund was formed by Declaration of Trust on June 10, 1966. The original donor's contribution was $500.00 and the Fund received on September 1st $1,500.00 as its share (one-half) of the distributed profit of the Canterbury Fair.

The Declaration of Trust provided that the Trustees may distribute the income and/or the principal of the Fund, on the recommendation of the Loan Committee, to Canterbury residents who are in need of financial assistance due to one of four specific reason, namely, (1) due to destriction of their home or other hardship resulting from accident, (2) due to poor health of any member of the immediate family, (3) due to need for special education or treatment as the result of physical or mental handicaps of any member of the immediate family or (4) for higher education of worthy students. The Trustees may not make distributions for any other reason.

Financial aid will be in the form of non-interest bearing loans with no specific maturity and the recipients are under no legal obligation to repay such loans. The recipients will have a moral obligation, however, to repay the loans voluntarily when and if they are able to do so in order that the funds can be used again to aid some other Canterbury neighbor.

The Trust provides for a Loan Committee to advise the Trustees consisting of one representative selected by the Canterbury Woman's Club (Mrs. James W. Lilly), the Canterbury Parent-Teachers Association (Mrs. William N. Colburn), the Canterbury Volunteer Fire Department (Mr. John W. Hugron) and a Deacon (Mr. Douglas L. Ruesswick) and a Deaconess (Mrs. Wilbur E. Thompson) of the Community Church.

The receipts of the Fund from June 10, 1966 consisted of $2,000.00 in donations and $2.19 interest for a total of $2,002.19. There were no legal ex-

penses and the legal work of establishing the trust was done by the firm of Stanley&Tardif, of Concord, without charge. The funds are on deposit in the New Hampshire Savings Bank and the Concord National Bank. The Trustees will report annually on the operations of the Fund but will not reveal the names of either applicants or recipients of aid.

Again, in 1967, the Canterbury Fund will receive one-half of the distributed profits from the Canterbury Fair which will be held July 29, 1967. The Trustees ask that everyone do everything possible to promote the success of the Fair and they would welcome any donation, large or small, to the Fund. It is hoped that the Fund can be built up so that it can be of substantial aid to our neighbors in times of distress.

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District in the town of Canterbury qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said District on the fifth day of March 1966, at 6:45 o'clock in the afternoon, with the Moderator opening the meeting, declaring the polls open for voting from six-forty-five o'clock to seven-thirty o'clock, and from eight forty-five o'clock to nine o'clock for school district officials, and declaring the business section of the meeting open at seven-thirty o'clock for action on articles 5-1 inclusive.

1. To choose a Moderator for the comming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and

agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to repeal the vote passed at the annual school district meeting of March 7, 1964, Article 11, authorizing the School Board to sell the Center School to the town for the sum of $1.00.

10. To see if the district will vote to provide transportation to Winnisquam Regional School District for those pupils in grades 10, 11 and 12 who desire to attend, the same to be in addition to the previous vote to send grades 7,8 and 9 to Winnisquam Regional School District.

11. To transact any business which may legally come before this meeting.

Given under our hands at said Canterbury this 13th day of February 1967.

NANCY LILLY,
Canterbury School District Clerk

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the School Board, Parents and citizens:

The past year has seen several changes in our school organization. Grades seven, eight and nine are now being transported to Tilton-Northfield. Others of our high school students are continuing their education in other secondary schools of the area.

The Canterbury Elementary School is now composed of grades one through six, and has an enrollment of nearly one hundred thirty-five pupils, with the largest enrollment in grade one.

Our teaching staff members have a sincere interest in teaching and are enthusiastic in their work and their efforts to provide varied educational opportunities and experiences for Canterbury pupils.

The school testing program will continue this year. All pupils will have the opportunity to complete achievement tests, and to measure their educational accomplishments in terms of national norms at each grade level.

During the past summer, interior painting and other maintenance work was carried on to keep the school plant in proper working condition.

The task of transporting pupils to Tilton-Northfield, in addition to providing service for those who attend the Canterbury school, has presented several problems. However, through the cooperative efforts of the School Board and parents most of these problems have been resolved.

It has been a year of change and one of challenge. Much more remains to be done to resolve the continuing problems of education. It has been a pleasure

for me to work with the Board and the school staf: during another year of effort on behalf of Canter· bury children.

RAYMOND E. MORTON,
Superintendent of School:

REPORT OF THE CANTERBURY SCHOOL BOARD

With the opening of school in September 1966, the Canterbury School District embarked on a new era.

For the first time in it's long history, Grade 7 and 8 students were tuitioned to another school district, along with those in Grades 9-12. Transportation was provided again for the first time, for the Grade 7, 8, and 9 students to Tilton-Northfield High School. Secondary Students attending other schools continued to provide their own transportation.

The Canterbury School Board has continued to pursue a permanent solution as to where to send our secondary pupils with it's study of the feasibility of annexation into the Winnisquam Regional School District.

The School Board has been most appreciative of the work of other members of the cooperative study committee, Everand Young, Chairman, Mrs. Miriam Hill, Douglas Ruesswick, and Louis Flanagan. Their efforts have made it a much easier task to attend to the immediate problems of the district, while continuing this vital search for an answer to the long-range problem of providing a high-quality permanent educational opportunity for the community's older children.

In addition to continuing recently adopted programs in modern math and reading, a completely new and dedicated staff under the leadership of Principal Luther L.M. Copp has instituted new ones, and made significant progress in strengthening others.

The faculty has instigated a new writing approach at all grade levels. The program is based on encouraging expression through use of pictures, records, personal experiences, and writing for a school newspaper.

The modern math program is being taught throughout

Grades 1 - 6, with further emphasis in Grades 4 - 6 through the use of departmentalized teaching.

The summer reading program was continued, and reading at all levels is under careful scruting by the faculty. Advancements have been made through more appropriate grouping and strengthening the phonics method of reading beginning with Grade 1.

Physical education is scheduled once a week by each teacher. Art instruction is provided each class once a week.

A new music program was instigated by the faculty which includes vocal, instrumental, and appreciation and being taught by members of the faculty.

In addition to providing an increasing number of educational services, much of the effort of the school board was spent on problems of the building and other facilities.

Efforts to control a sewage seepage problem were accomplished by nearly doubling the size of the school's leaching system.

Two classroom, all hallways, boys' and girls' rooms, the teachers' room, and part of the principals office were painted. Annoying plumbing problems were also attended to during the year.

It is a pleasure to enter the front door of our school building and feel a bit of pride in it's appearance. This has been accomplished through the great effort of our Custodian and the complete cooperation of the teaching staff. We thank you one and all.
